ICE MELT

SCOTWOOD INDUSTRIES LLC

Peladow Calcium Chloride -25°

Calcium Chloride Pellets give off heat as they dissolve; melting more ice faster at temperatures as low as -25 degrees F. Melts more so you use less and leaves no powdery residue when used as directed.

Application:

-Spread 1/4-1/2 cup per sq. yd of Peladow evenly over ice and snow compacted areas.

#4CCPL50

PetFriendlyRoadRunner -15°

PetFriendlyRoadRunner contains Magnesium Chloride pellets and is safer for pets. It begins melting ice and snow immediately upon contact. Fewer applications needed, safer on concrete and vegetation than rock salt when used correctly.

Application;

-Spread 1/2-3/4 cup per sq. yd of Pet Friendly Road Runner evenly over ice and snow.

#20BPF

Morton® Pro Slicer -20°

VIVID PURPLE CRYSTAL deicer. Pre-wet deicer means less material and fewer applications are needed. Won't track or stain. Flows freely even in sub-freezing conditions. Maintains a residual melting effect after a storm.

Application;

-Spread approximately - 1/2-1 cup per sq. yd. of ProSlicer evenly over ice and compacted snow.

#50PRO

Industrial Blue -10°

Industrial Blue is a fast-acting blended ice melt includes calcium chloride flake for instant melting power and SWI20 corrosion inhibitor to help keep surfaces safe. Industrial Blue is also sprayed with a **Blue Color** indicator.

Application;

-Spread 3/4-1 cup per sq. yd of Industrial Blue evenly over ice and snow compacted surfaces.

#50BIS-BLUE

Road Runner -15°

Road Runner Blend contains Calcium Chloride Pellets, Magnesium Chloride Pellets, and Sodium Chloride. It is the fastest blended deicer on the market and works to

-15 degrees F. It's safe on driveways, sidewalks and the environment when properly applied.

Application;

-Spread 1/2-3/4 cup per sq. yd of Road Runner evenly over ice and snow.

#50BRR

Clean Melt-10°

Clean Melt is an eco-friendly ice melter blended with magnesium chloride and infused with Ice Ban. Clean Melt is also an innovative product that is safer for sidewalks and vegetation. This is environmentally friendly option which features a **Green Color** indicator.

Application;

-Spread 1 cup per sq. yd. of Clean Melt evenly over ice and compacted snow surfaces.

#50BCM

Road Runner Pail -15°

Road Runner Blend contains Calcium Chloride Pellets, Magnesium Chloride Pellets, and Sodium Chloride. It is the fastest blended deicer on the market and works to

-15 degrees F. It's safe on driveways, sidewalks and the environment when properly applied.

Application;

-Spread 1/2-3/4 cup per sq. yd of Road Runner evenly over ice and snow.

#50PRR

ICE Patrol Blue 5°

Economical and Effective Sodium Chloride. Creates the desired reaction with smaller crystals melting on contact and larger crystals provide longevity and instant traction.

Non-Tracking Safe to Handle with **Blue Color** indicator.

Application;

-Spread approximately 1/2-1 cup per sq. yd of Ice Patrol Halite evenly over ice and snow.

#50BIP-BLUE

Road Runner 20lb. Bag -15°

Road Runner Blend contains Calcium Chloride Pellets, Magnesium Chloride Pellets, and Sodium Chloride. It is the fastest blended deicer on the market and works to

-15 degrees F. It's safe on driveways, sidewalks and the environment when properly applied.

Application;

-Spread 1/2-3/4 cup per sq. yd of Road Runner evenly over ice and snow.

#20BRR

Morton® Safe-T-Salt® 5°

Economical and Effective Sodium Chloride. Creates the desired reaction with smaller crystals melting on contact and larger crystals provide longevity and instant traction.

Non-Tracking Safe to Handle

Application;

-Spread approximately 1/2-1 cup per sq. yd of Ice Patrol evenly over ice and snow.

WinterGreen® -25°

WinterGreen® is a wholly unique product that melts with the performance of calcium chloride yet converts to a slow release nitrogen in the soil benefiting plant growth. WinterGreen® has 10x the melt value of magnesium chloride based on SHRP H-205.1 testing (15°F for 20 minutes). **Green color indicator.** Tough on Ice - Easy on Grass Patented and University Proven Lawn Protector Formulation Melts to -25°F Magnesium Chloride Free

Application:

-Spread 1/4 to 1/2 cup per square yard.
Avoid piling the product.

#40BWG

Winter Warrior Runway Control® -6° #55BWWR

Specially formulated eco-friendly, biodegradable, non-corrosive deicer, for use in highly sensitive areas, such as airports or some delicate commercial institutions. Winter Warrior Runway Control® Ice Melter, unlike Urea, does not contain nitrogen and has a relatively low biological oxygen demand.

Application:

-Spread 1/4 to 1/2 cup per square yard.

TITAN® -5°

TITAN® is powered by a patented, bio-based accelerating agent. TITAN® has been shown in Strategic Highway Research Program testing, to exceed the melt value of a theoretical 30% calcium chloride blend. Magnesium Chloride Free.

Application:

-Spread 1/4 to 1/2 cup per square yard. Avoid piling the product.

#50BT

Arctic Orange™ -24°

ArcticOrange™ Icemelter is a manufactured product - not a blended product. It is a triple component icemelter containing sodium chloride, calcium chloride and potassium chloride. Arctic Orange™ Icemelter is far more effective and powerful than simple blend, as each granule contains each of the ingredients. All three ingredients work in unison to attack and melt the ice away. This product has an **orange color indicator.**

Application:

-Spread 1/4 to 1/2 cup per square yard.

#44BAO

#2000HAL

Rock Salt Super Sack 5°

Super sack salt is a convenient and cost-effective solution for maintaining safe, ice-free surfaces during the winter months. These large sacks contain up to one ton of salt and are designed to help combat slippery and hazardous conditions on driveways, walkways, and stairs. Ice control Salt is a Louisiana mined rock salt that tackles extreme weather conditions.

Mountain Organic Natural™ -9°

Mountain Organic Natural™ Icemelter is a premium product designed to tackle the worst winter weather conditions, while still being completely organic and environmentally safe.

Application:

-Spread 1/4 to 1/2 cup per square yard.

SNOW PUSHERS

EASY TO USE: The bracket and handle of this user-friendly shovel are re-enforced at the point of attachment to the fiberglass tube. Ergonomic and durable, Snowcaster shovels save you time and energy.

HEAVY-DUTY: Our shovels are built to last, standing up to snow, ice, and the competition. Constructed with high-quality materials, this durable 24 Inch shovel is made of Ultra High Molecular Weight Polyethylene material and can scoop through thin layers of ice on top of snow.

QUICK ASSEMBLY: Easily assemble this shovel in less than 10 minutes. User-friendly and high-quality, Snowcaster shovels have proven commercial application. This shovel works particularly well for residential use or facilities maintenance.

MADE IN USA: All of The Snowcaster's products are proudly made in the USA and backed with a hassle-free limited one-year warranty. We proudly use earth-friendly materials and processes to build The Snowcaster shovels

WARM UP

#39-HEATPACKPAIR

PIP®

Heat Packs - Air Activated Hand Warmers

Ideal size for our headwear and gloves

Air activated and reach full temperature in 2-5 minutes

Generates over 12 hours of warmth

Heating can be suspended at any time by resealing the inserts in an airtight container

Non-toxic

#41-1328

XL AND 2XL AVAILABLE
S,M, L SPECIAL ORDER

PowerGrab™ Thermodex

Hi-Vis Seamless Knit Glove with Latex MicroFinish Grip on Palm & Fingers

Used in refrigerated areas, utilities, food processing, commercial fishing, construction, outdoor winter activities and recreation.

A 13-gauge seamless liner has a lighter and tighter knit design, ensuring superior dexterity and minimum hand fatigue. The fine napped nylon/polyester construction provides amazing warmth and unmatched feel.

Water repellent liner is engineered to repel water to keep your hands dry under wet conditions like rain and snow, while allowing hands to breathe.

Latex MicroFinish® coating provides a superior grip in dry and wet conditions by reacting like tiny suction cups that attach themselves firmly to the material being handled.

Extra coating in the thumb area for added safety.

Hi-Vis coloring makes this product very easy to see.

#41-1400

XL AND 2XL AVAILABLE
S,M, L SPECIAL ORDER

PowerGrab™ Thermo

Hi-Vis Seamless Knit Acrylic Terry Glove with Latex MicroFinish Grip on Palm & Fingers

Used in refrigerated areas, utilities, food processing, commercial fishing, construction, outdoor winter activities and recreation.

Seamless construction for a comfortable fit.

Acrylic gloves provide economical cold weather protection.

Latex MicroFinish coating provides a superior grip in dry and wet conditions by reacting like tiny suction cups that attach themselves firmly to the material being handled.

Knit wrist helps prevent dirt and debris from entering the glove.

Hi-Vis coloring makes this product very easy to see. Excellent thermal insulation.

Quickly evaporates moisture from the skin. Extra softness for non-chafing comfort. Launderable for extended life and to reduce replacement costs.

Color coded hems for easy size identification.

#41-1417

XL AND 2XL AVAILABLE
S,M, L SPECIAL ORDER

G-Tek® PolyKor®

Seamless Knit PolyKor® Blend Glove with Acrylic Liner and Double-Dipped Nitrile Foam Grip on Full Hand Touchscreen Compatible

Used in refrigerated areas, utilities, food processing, commercial fishing, construction, outdoor winter activities and recreation.

Seamless construction for a comfortable fit.

PolyKor® blended shell is lightweight and provides excellent dexterity, tactile sensitivity and cut resistance 360 degrees.

Acrylic lined gloves provide economical cold weather protection.

Nitrile foam coating provides superior grip in dry, wet and oily applications.

Fully coated flat nitrile helps keep hands dry in wet applications.

Touchscreen compatible to allow the user to operate a touch screen phone or device without removing gloves.

Knit wrist helps prevent dirt and debris from entering the glove.

Excellent thermal insulation with extra softness for non-chafing comfort.

Quickly evaporates moisture from the skin.

Launderable for extended life and to reduce replacement costs.

Color coded hems for easy size identification.
